## ACCMS 9

The Asian Consortium on Computational Materials Science (ACCMS) was established in 2000 to nurture and promote research and development activities in computational materials in Asian countries. The conference series were successfully held in

Bangalore - 2001  
Novosibirsk - 2004  
Beijing - 2005  
Seoul - 2007  
Hanoi - 2009

In 2017, Malaysia will proudly host the 9th conference of ACCMS from 8th to 11th August. The event is jointly organized by University of Malaya and other cooperating institutions locally and internationally.

In addition to the 3- full day conference, optional TOMBO workshop will be held on 8th August to introduce the participants on ab initio simulation for explaining materials properties and for performing ab initio design of new materials.
